ALIENS REPORTED LEAVING AMERICA IN GREAT NUMBERS

Widespread Exodus of Aliens is Reported by Labor Dept.

EXPECT NUMBER TO GROW

As Ship Accommodations Permit Foreigners to Quit American Soil.

(By Associated Press)

Washington, May 16.—A widespread exodus of aliens from this country was reported today by the Department of Labor.

Inquiries by the department's investigation and inspection service have revealed that already large numbers of foreign born residents are leaving the country and that even more expect to depart when ship accommodations can be obtained.

Unemployment and family interests were said to be important factors in stimulating the eastward flow.

Figures from many cities show fully 50 per cent of the aliens of certain races intend to return to Europe, many to remain there.

WILL ATTEMPT TO EVADE ALL RESPONSIBILITY

(By Associated Press)

Berlin, May 16.—The note which Count von Brockdorff-Rantzau handed on Tuesday to Premier Clemenceau as president of the peace conference dealing with the question of reparation and responsibility for the war, declared Germany had obligated herself to give compensation based on Secretary Lansing's note of November 5 independently of the question of responsibility for the war.

The German delegation, it said, could not recognize that for any responsibility of the former government for the origin of the war there could be deducted on the part of the allied powers the right to claim indemnification for losses suffered through the war.

NEWSPAPERS AT WINNIPEG FORCED TO QUIT

Workmen Vote to Join in General Strike.

(By Associated Press)

Winnipeg, Canada, May 16.—Winnipeg newspapers were abruptly forced to suspend publication today when the workmen voted to join the ranks of 30,000 union men and women who have quit work in sympathy with the strike of building and metal tradesmen.

This afternoon Winnipeg was without telephone service, street cars, mail service, department store deliveries, newspapers and scores of other conveniences.

AGREEMENT ON PRIORITY OF BUSINESS

G. O. P. Leaders to Go After Federal Control.

BUDGET SYSTEM PROBABLE

Reducing Expenses Next in Order.

(By Associated Press)

Washington, May 16.—Legislation to be given consideration by the House immediately after the annual appropriation bills are disposed of was agreed upon today by the Republican steering committee, subject to approval of the conference of Republican representatives to be held tomorrow night.

As announced by Representative Mondell, chairman of the committee, the program includes immediate repeal of the tax on semi-luxuries, legislation for the return of telephone and telegraph companies to private control, railroad legislation, determination of a national shipping policy, passage of the suffrage amendment, inauguration of a budget system, means for reducing government expenses, tariff legislation and measures benefitting returned soldiers and sailors.

INCOME TAX PENALTY SUIT IS LAUNCHED

Commercial Cable Company Charged With False Report.

(By Associated Press)

New York, May 16.—An income tax and penalty suit against the Commercial Cable Company was brought by the government today in the federal court here.

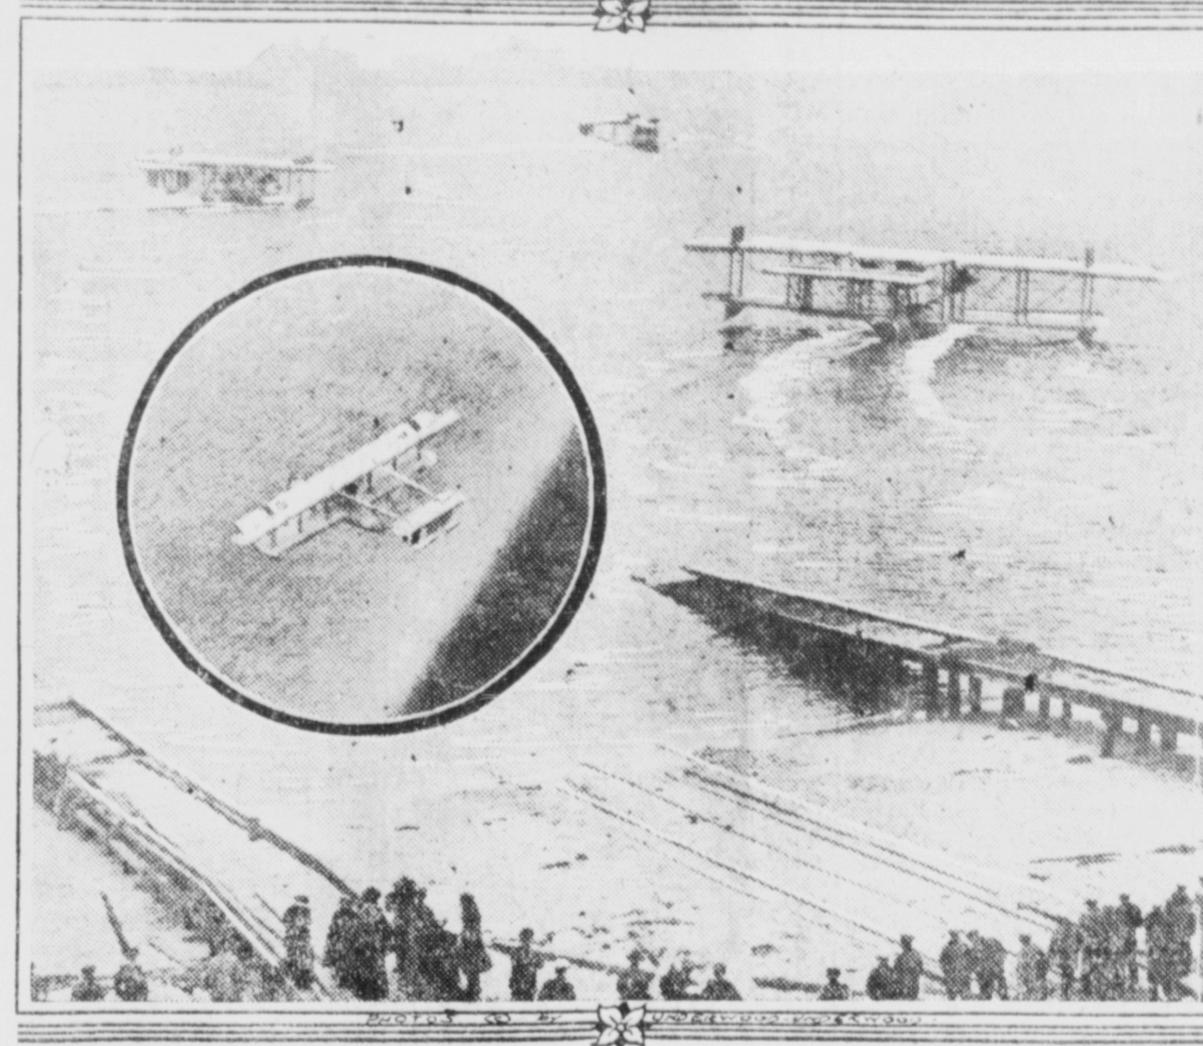

The complaint filed by United States Attorney Caffey, and containing seven counts, alleges that the returns made by the company between December 31, 1909 and July 1, 1916 were "incorrect, misleading and false, and failed to set forth and show the true net taxable income within the meaning and intention of the income tax law."

A PEREMPTORY REJOINDER TO GERMAN PLEAS

(By Associated Press)

Paris, May 16.—A temporary rejoinder to the German note registering objections to the treatise a range of the left bank of the Rhine and Sarre valley has been drafted by the special commission presided over by Andre Tardieu, it was reported today.

THE START OF THE OCEAN FLIGHT BY U. S. NAVY PLANES

U. S. seaplanes leaving beach at Rockaway, L. I. Insert shows N. C. 4 flying over the sea, photographed from another plane.

This picture depicts one of the most historic events in the nation's history—the start of the attempt of U. S. planes to fly across the Atlantic ocean. It shows the three navy-Curtiss planes N. C. 1, 3 and 4 just after leaving the beach at Rockaway, L. I. where they were completed and tested. The N. C. 3 is in the lead in the center. The

N. C. 4, which was forced to descend at Chatham, Mass., because of engine trouble, is on the left, and the N. C. 1 on the right of the picture.

BIG PLANES TO RESUME THE FLIGHT

Transatlantic Seaplanes are Preparing for "Hop Off."

WEATHER REPORTED GOOD

Big Dirigible Believed to Have Been Lost at Sea.

(By Associated Press)

Trepassey, May 16.—(Bulletin).—Crews of the three American trans-Atlantic seaplanes were preparing at 2:20 New York time today for the start of their trip to the Azores. It was expected the planes would leave in one hour.

BIG DIRIGIBLE DRIVEN TO SEA BELIEVED LOST

Vessel Which "Stood By" Left Balloon and Proceeded on Course.

(By Associated Press)

Trepassey, May 16.—The navy dirigible C-5, which was swept to sea yesterday, now is believed to have been lost. The destroyer Edwards which went in pursuit reported by wireless today she had been unable after a search to find her and was returning.

The merchant steamer which had previously reported she was standing by the big balloon, subsequently sent a message that she was unable to stand by longer and proceeded on her way.

MAY START AGAIN

(By Associated Press)

Trepassey, May 16.—With the weather along the route to the Azores the best yet reported, the N. C. 1 and N. C. 3 will attempt

to start the trans-Atlantic flight at three o'clock this afternoon, it was announced.

Meanwhile repairs were being rushed on the N. C. 4 which arrived from Halifax last evening.

FAVORABLE WEATHER.

(By Associated Press)

Washington, May 16.—Favorable weather conditions on the entire course from Trepassey to the Azores was reported by patrol ships along the course today.

DESTROYER IN PORT WITHOUT C-5 ON DECK

(By Associated Press)

St. Johns, Newfoundland, May 16.—The destroyer Edwards returned to port this afternoon with no sign of the C-5 on her deck. The reported salvaging of the dirigible which went adrift on the eve of expected orders for a trans-Atlantic flight apparently was without foundation.

Officers here held out little hope that the big balloon would be saved, adding the craft would be worthless for flying purposes for some time if found.

RESIGNATION OF THE CHINESE CABINET GIVEN

President Refuses to Accept Proffer.

(By Associated Press)

Paris, May 16.—The Chinese cabinet has resigned but the president has refused to accept the resignation, according to a telegram to the peace conference.

The conference at Shanghai between representatives of Northern and Southern China, the telegram adds, has broken up.

GOVERNOR SIGNS CRABBE BILL FOR DRY STATE

(By Associated Press)

Columbus, O., May 16.—Governor Cox today signed the Crabbe prohibition enforcement bill which is designed to carry into effect the state-wide prohibition amendment adopted by the people last fall.

THEY'RE OFF

(By Associated Press)

Trepassey, New Foundland, May 16.—(Bulletin, 4:30 p. m.)—The N. C. 3, first of the navy seaplanes to start on the trans-Atlantic flight, started taxiing across the harbor for the take-off at 8:41 p. m., Greenwich time, 4:41 New York time.

THE U. S. MAY BE MEDIATOR

This Nation May Settle Dispute Between Italy and Jugoslavia.

(By Associated Press)

Paris, May 16.—Negotiations pending for the adjustment of the Adriatic controversy contemplate a direct settlement between Italy and Jugoslavia through American mediation.

By this plan, the Austrian treaty would not specify the disposition to be made of Dalmatia, Istria or Fiume beyond detaching them from Austria.

TIME ZONE CHANGES ARE MADE TODAY

Time Boundaries in and Adjacent to Ohio Affected.

(By Associated Press)

Washington, May 16.—Several important changes in standard time zones were made today by the Interstate Commerce Commission.

To secure the maximum degree of safety in railroad operation the commission changed the boundary within and adjacent to Ohio and Michigan to put the Hocking Valley Toledo & Ohio Central, Kanawha & Michigan and Kanawha and West Virginia railroads within the central zone, effective June 1st. All Ohio cities located on the boundary shall be considered within the central zone.

Petition of Toledo to be put in the eastern zone was denied, as were others desiring to be changed.

MARYSVILLE—Amos Burris, aged 94, the oldest resident of Paris Township, died yesterday. Burris was a native of Indiana, but had resided in Union County 90 years.

BUSY WITH SETTLEMENT OF ITALIAN SQUABBLE

Still Occupies Attention of the Peace Council.

PRIEMER GEORGE'S ABSENCE

Makes Meeting of Council of Four Impossible. Interallied Demonstration Planned.

(By Associated Press)

Owing to the absence of Premier Lloyd George from Paris, the peace conference council of four did not meet today. The military, naval and aerial terms of the treaty between the Allies and Austria were further discussed yesterday, and it is expected that the treaty will be presented about the middle of next week, probably Wednesday or Thursday.

The council of foreign ministers continued work today on subsidiary details of the Austrian treaty, having to do with the new Austrian frontiers.

In the meantime, efforts to reach a solution of the Italian controversy are continuing.

Greek troops have been landed at Smyrna, Asia Minor, the operation having taken place Wednesday.

According to Paris dispatches an interallied demonstration there is to be carried out by French, British and Italian warships and Greek soldiers. Five United States warships are reported to have arrived at Smyrna.

A Finnish army, under the leadership of General Mannerheim, the Premier, is reported from Copenhagen to be advancing on Petrograd.

Most of the German protests against the peace treaty terms received by the Allies are said to impress the Allied chiefs as being designed as propaganda. It is pointed out that the German notes bear evidence of having been written before the delegation had seen the treaty, the text of the document not being quoted.

No further notes were presented by the enemy representatives on Thursday.

Poland's request for a part of the German warships which were surrendered to the Allies has been refused by the council of four.

ADDITIONAL PROVISIONS MAY BE MADE PUBLIC TONIGHT.

(By Associated Press)

Paris, May 16.—The German peace treaty, it developed today, contains a clause which has not yet been made public, pending ratification by Germany and three of the principal Associated Powers, which will bring the treaty into force between ratifying parties enabling the immediate resumption of trade.

As the result of conferences among the representatives of the powers, which were being continued today, the text of the German treaty probably will be made public by installments.

It is reported that the financial and boundaries sections of the treaty will be released tonight.

REORGANIZATION OF THE O. N. G.

Two Provisional Regiments to be Formed.

One in Southern and One in Northern Section.

(By Associated Press)

Columbus, O., May 16.—General orders for reorganizing the Ohio National Guard under present federal and state laws were issued by Adjutant General Layton today.

The orders call for the organization of two provisional regiments, one in the southern and one in the northern part of the state.

These units will be the nucleus for an organization it is planned to extend into a division. Copies of the order will be sent to every community which desires representation in the new guard. It is expected practically all the old guard units which served in France will apply for membership.

SOME CLAUSES IN THE TREATY ARE YET SECRET

Pending Ratification by Germans These Claims Will not be Made Public.

NO BASEBALL TEAM THIS YEAR

At present there seems little possibility that Washington C. H. will be represented by a baseball team this season.

With the close of the war the fans had hopes of again seeing the old stars back on the diamond, most of whom have been in the service, but as announced by the owners the devotees of the diamond may have to wait until next year to patronize a home club.

Although it is thought that baseball would be more popular than ever during the coming season yet the owners and stockholders fear to launch the club because of the present financial condition of the organization.

"OLD RELIABLE IS STILL IN THE LEAD"

On an affidavit filed by Emil B. Barnes, Inspector of the Foods and Drugs Division, Department of Agriculture, J. W. Duffee, well known grocer of this city, appeared before Justice T. N. Craig, Thursday afternoon, where represented by Attorney John Logan, he contested the charge and was given a clean bill, the State failing to prove the charges made.

Mr. Duffee was charged with misbranding "Duffee's Cough Syrup," a compound he has been manufacturing and selling for many years, the charge having grown out of certain claims made as to the curative powers of the medicine.

A number of witnesses were placed on the stand, and the State, represented by Ray Martin, of the Attorney General's Office, failed to present evidence which the Court regarded as tending to prove the charge made, and a decision was made in favor of the accused.

ORGANIZE BRANCH HAMPSHIRE SWINE ASSOCIATION HERE

At a meeting of quite a few breeders of blooded swine in Fayette County, Thursday afternoon, a branch of the National Hampshire Swine Breeders' Association was formally organized in Fayette county with one of the best known Hampshire breeders of the county heading the branch—Ervin Parrett, Chas. McLean was chosen Vice-President, Willard Bitter Secretary-Treasurer, and Hays Dill publicity director.

Two members of the national association, W. A. Folk and Geo. Andrews, field men of the association, were present and took an active part in the proceedings, answering all questions and offering suggestion regarding the branch organization in this county.

The next meeting of the Fayette Hampshire Swine Breeders' Association will be held at the Y. M. C. A. on Monday evening, June 2nd and all breeders are invited to attend.

Breeders are taking a great deal of interest in the new association, and within a short time it is expected the branch in Fayette county will have a large membership.

**PROBATION SYSTEM IS
URGED FOR AMERICA
THE COMING YEAR**

Mrs. Lucy J. Franklin has been in Cincinnati this week to attend a meeting of the Executive Committee of the National Probation Association luncheon at the Business Men's Club at noon Wednesday, and brought back to this community the latest information concerning the work of the Probation Association in its nationwide effort.

The National Association meets in Atlantic City in June and this was a preliminary meeting with Judge Hoffman of Cincinnati, President.

Future plans and future laws were discussed. The Ohio Legislature was commended for doubling the amount

of money available for Mothers' pensions. The Adult Probation System will be urged all over America next year as a means of saving both men and money. New York, Philadelphia and other large cities have put in a force of men and women probation officers and have cut down the jail sentences. Instead of sentencing an adult, unless the offense be a serious one—he is put in charge of a probation officer, who watches, guards and guides him in his civilian life. In Buffalo, the past year 645 adults were put in charge of probation officers and only 9 of them absconded.

Another aim of the Probation System will be to do away with the term delinquent for the average bad boy or girl and to use the word dependent instead.

In 9 cases out of 10 a delinquent child is or has been a dependent child either physically or mentally. By getting rid of the word delinquent children can be taken out of the court entirely, adjudged dependent and given the physical, mental or moral treatment they need without attaching to them the stigma of a court trial.

The interesting case of the Thie murder was discussed. The three men who confessed to the murder were all at one time Juvenile Court children. Dr. Ravine, the Juvenile psychologist pronounced them mentally deficient and urged the court to send them to the Institution for Feeble-Minded. Instead they were sent to Lancaster, once twice, and one of them three times; then again to the workhouse. Finally their career will end in the electric chair when they could have been an economic asset to the state by being placed on a state farm or in a state factory under the supervision of some normal person.

Judge Ben B. Lindsey, who is booked for a Chautauqua date in this city, has promised to meet some of our citizens who are interested in social work and discuss with them some of Fayette County's problems.

**TIMBER FALLS AND
WORKMAN IS HURT**

While at work on the new Memorial Arch in front of the court house, Friday morning, James Palmer was badly injured when a section of timber fell from a scaffolding and struck him a heavy blow upon the head, rendering him unconscious for some little time.

He was hurried to a physician's office and soon regained full consciousness, after which he was taken to his home. The timber inflicted a severe cut and bruise which may prevent the injured man from resuming work for several days.

NOTICE.

The regular meeting of the Ladies Circle of the G. A. R., Friday evening, May 16th, at 7:30. All members urged to be present. Initiation.

SECRETARY.

Mr. Moore's illness was of about ten days duration, an operation being found necessary, but failing of success owing to his age of seventy-two years.

In this death the Good Hope community has lost one of its most honest and upright men and his loss will be keenly felt. He owned and operated the Good Hope elevator for many years.

Mr. Moore's wife has been dead several years. His children Mrs. Hugh Elliott of Good Hope, Mrs. C. F. Klinefelter, of Bucyrus, Mr. O. J. Moore, of Cleveland, and Dr. C. L. E. Moore, of Boston, were all with him at the hospital and brought the body down from Columbus on the 3:32 train Friday afternoon.

Funeral services will be held at the late residence in Good Hope Saturday at 3 p. m. and burial be made in the Good Hope cemetery.

LOGAN—George Mash, convicted of manslaughter for the killing of Will Flug last February, was sentenced to life imprisonment in the penitentiary.

**GIRLS TO STREW
FLOWERS BEFORE
'FAYETTE'S OWN'**

Elaborate Plans For May 27th Announced by the Decorating Committee.

Allied Flags and National Colors—Great Court of Honor is Assured.

The committee on decorations for May 27th has completed most of its plans for having the city in gala attire for the big red letter day, and when "Fayette's Own" march along the line of parade amid a flutter of allied flags and the national colors, flowers will be strewn before them by beautiful girls who will be located in snow-white booths at intervals along the line of parade.

The Geo. Fern & Company, of Cincinnati, have been awarded the contract for furnishing the street decorations, and will be regarded as official decorators for business houses, and will visit all places in the city for private contracts.

Seven squares of the city will have five strands of allied flags to each square.

Fourteen massive columns, each 22 feet in height, will form the court of honor on Market street. These will be pure white, with clusters of flags at top, and shields and other decorations. Festoons of red, white and blue lights with garlands of laurel, will connect the columns of the court of honor. On each column will be the name of a battle in which Fayette soldiers took part.

In the center of the court, with four spot lights playing upon it at night, will be suspended a jeweled service flag containing a star for each of the 44 Fayette boys who sleep under the stars and stripes.

The court house will be a mass of colors, and it is expected that every business house in town will be lavishly decorated in flags, and that every home will display at least one flag.

**RESPECTED RESIDENT
CALLED BY DEATH**

The many friends of Mr. George T. Moore, retired business man and farmer of Good Hope, will greatly regret to learn of his death which occurred at the Grant Hospital at two o'clock Thursday afternoon.

In this death the Good Hope community has lost one of its most honest and upright men and his loss will be keenly felt. He owned and operated the Good Hope elevator for many years.

Mr. Moore's wife has been dead several years. His children Mrs. Hugh Elliott of Good Hope, Mrs. C. F. Klinefelter, of Bucyrus, Mr. O. J. Moore, of Cleveland, and Dr. C. L. E. Moore, of Boston, were all with him at the hospital and brought the body down from Columbus on the 3:32 train Friday afternoon.

Funeral services will be held at the late residence in Good Hope Saturday at 3 p. m. and burial be made in the Good Hope cemetery.

The contention that the Senate, which, under the constitution, must advise and consent to a treaty, cannot give its advice and consent upon such terms as it chooses to impose," he said, "is in my opinion wholly untenable and contrary to precedent."

**RESTRICTION ON
OIL REMOVED**

(By Associated Press)

Washington, May 16.—"National suicide" would be the effect of America's entrance into the League of Nations under the revised covenant, declared Senator Knox of Pennsylvania former Secretary of State and Republican member of the Senate Foreign Relations Committee in a statement issued today. The Senate, Mr. Knox asserted, has the power to amend the peace treaty.

LOGAN—George Mash, convicted of manslaughter for the killing of Will Flug last February, was sentenced to life imprisonment in the penitentiary.

The Wheat Market

The assurance of a speedy and sharp reduction in the price of wheat and flour, reaching "all down the line" from the producer to the baker, seen by close observers, in the statement issued Wednesday by Julius Barnes, wheat director, is welcomed by everyone save possibly a few speculators, who have been making, evidently, large and unconscionable profits by market manipulations of the wheat supply.

Just what it is that has gone wrong with wheat prices since the signing of the armistice is not just exactly clear but that cogs have been slipping in the wheat supply and price machinery control has been apparent to everyone who produces wheat or purchases flour or bread.

During the war the world was saved from starvation, certain to follow an era of wild speculation in wheat, by government control and regulation of production, consumption and price but since the armistice was signed and the price guarantee made to producers speculators have been busy. There has grown up too wide a margin between producer and consumer which produces an unearned profit to men who are neither producing wheat, making flour nor baking bread.

The price guarantee to producers, to secure which Congress made an appropriation of a billion dollars, was intended to make production certain even if supply and demand laws pounded down the price of wheat or flour and bread. That partial government control, however, has not been operating satisfactorily and the need for action has become imperative.

The whole nation, producers and consumers, while not, as a general rule, favoring government control of private business, is pleased with the prospect that the officials are to take hold of the wheat market and see to it that the speculators are driven off and the purpose for which the wheat price guarantee was made, is secured to the benefit of producer and consumer.

The Farm Bureau Active

In asking for the establishment of a patrol system for the roads and pikes the Fayette Farm Bureau is moving in the right direction.

Fayette county roads are, by comparison with surrounding counties, in very good condition. We are not nearly so bad off for roads and pikes in Fayette county as our neighbor counties are, but we must be alert and active. We must be on the job all the time to maintain present conditions, certainly we must be up and doing to improve and there is room for improvement. The road problem is far from solved, the demand for better roads, the demand for maintaining the good roads we have and building more, also to be maintained at a high standard, is yet in its infancy and growing more vitally imperative each day.

The road problem is one for the people to solve. They foot the bills and they must take an active interest not only in seeing to it that the work is done but every dollar spent brings, in return, a dollar's worth of benefit.

The farm bureau is speaking for the people most interested. The initial action is important in itself but it is vastly more important and promising in the hope it gives of bringing into the arena of road building activity an organization that is concerned rather in getting real lasting results than in spending large sums on contracts which carry handsome profits to the contractors.

A Short Message

President Wilson advises the cable company officials that his message to Congress on the occasion of its convening in extraordinary session will be short. The President will be able according to his advices to the cable companies to say all he has to say in a "few hundred words."

Perhaps that is a hint that Congress also should be brief in its discussions of the grave matters to be submitted at the session. It is more than likely, though, that the brevity of the message is occasioned by a conviction on the part of President Wilson that the bitter hostility, with which the majority party leaders of Congress, in both house and senate, will render any advice given by him more than a mere waste of time.

Quite likely the chief executive feels that the less he has to say to the next Congress the less cause there will be for disagreements and that a hostile congress is much more likely to be in accord with his views if he withholds expressions of his views until after Congress has announced its opinions.

Whether that is the reason for the promise of brevity or not, we believe that Congress will have less to talk about and less to find fault with if the President's message is short.

Perhaps too Congress will feel kindlier if it is allowed to take its own initiative for awhile. We all welcome the announcement of a short message.

END OF THE TRAIL.
In these hidden hills
I lie by pools of silence where the
cry
Of bird comes never—
So deep is the calm
And dim lost lake of dreams where
by I wait.
Here I am free.
The wolves of the world cry out on
the plain;
Only a stone drops from the age-
worn cliff
Marks one hour from the next,
And none shall know whether this
secret place
Is near or far, nor tell aught from my
face
When I return with strong soul and
un vexed.

BUY WAR SAVINGS STAMPS**A Moderate Debt**

To The Buckeye State Building and Loan Company, Rankin Building, 22 W. Gay Street, Columbus, O., is in Many Cases a Desirable Thing

1. It stimulates greater effort
2. And encourages economy
3. For the conditions are fair
4. And the interest reasonable.
5. It is wise to borrow there and pay off smaller debts
6. And owe only at one place.
7. Loans are now wanted on Columbus homes or Central Ohio farms.

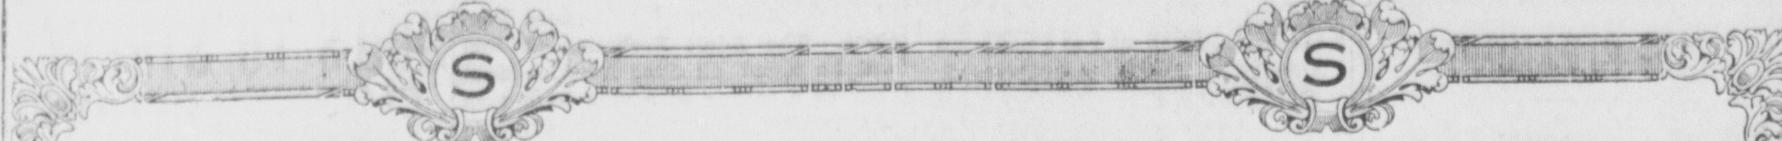

To expect to pay a high price for talc perfumed with an odor that cost thousands of dollars to produce would be natural. But to be able to obtain such a superb perfume at a low price is a delightful surprise. This surprise awaits you in the Talc perfumed with Jontee—The New Odor of Twenty-six Flowers.

**The Frank L. Stutson Co.****No Exaggeration to Call These Apparel Values Extraordinary**

The reputation of this store for offering the finest apparel values in this vicinity is amply sustained by the splendid garments which we are now showing. It is impossible to duplicate them at the prices.

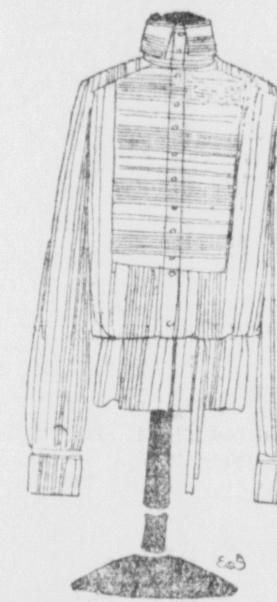

We have not confined our stock to any one class or style of garments—we have endeavored to include something for everybody in our assortments. For the woman who wants a plain little suit, coat or dress that she can wear in all kinds of weather, for shopping and walking and general service, we have a variety of trim looking inexpensive garments that will fit into her requirements with a nicely.

For her neighbor who is seeking something elegant and effective for dressy occasion we have a number of choice designs in rich fabrics that suggest a Parisian origin.

For All We Have Big, Satisfying Values.

**The Recent Arrivals of Lovely Waists****Makes Your Selection Here Easy**

It is no wonder that women are buying so many blouses this season. There never was a time when blouses were so pretty and becoming. The newer arrivals are of georgette, silk, crepe de chine, and combinations, showing effective copies of imported models, especially suited for wear with the suit. Besides these, there are numerous styles in lingerie waists and middies.

**See Our Display of New Summer Silks**

These rich and lovely silks adapt themselves splendidly to the graceful lines of the season's new fashions. They are of the correct weight and enough "body" but not too much stiffness. Despite the general scarcity of various lines of silks, we have a complete stock of all weaves, patterns and colors that are being used. We contracted for this stock early in the season, thereby receiving the lowest prices.

Columbus, O., May 18. — Colonel Benson W. Hough of Delaware for Congress. That has been the talk of some Republicans lately. They express the belief that two colonels, Hough and Ralph D. BOYS TO HIKE

"Saturday morning, Glen Boots, the boys' secretary of the 'Y' and Physical Director Kiester will lead a bunch of the boys several miles into the country on a "hike." The boys will take along their lunches and the day will be spent in fishing and swimming.

"Why, Mamma, you have two-sight glasses just like Daddy's!"

Mr. Brown's experience with two-vision glasses, and his fortunate investment in Kryptok, induced Mrs. Brown to consult her eye-glass specialist. He recommended Kryptok.

Wise little daughter discovers that she is wearing them. Mrs. Brown's friends, too, will be surprised, because there is no ugly line or seam to distinguish them from single-vision glasses. Kryptok are the only bifocals without seam or hump.

KRYPTOK GLASSES
THE INVISIBLE BIFOCALS

Kryptok do not reveal age. They make one appear younger by enabling the person wearing them to see both near and distant objects as clearly and distinctly as with the eyesight of youth. They not only "look young" but they remove the thought of age from the conscience, and from this standpoint alone psychologists say that they are wonderfully valuable.

MOTHER AND SON SOUGHT RELIEF FROM INFLUENZA
AND THEY FOUND IT SURPRISINGLY SOON ON TAKING NERV-WORTH.

The mother told the story to the Nerv-Worth druggist at Springfield, Ohio. Here it is:

The Troupe Drug Co.—My son and I had the "flu" in its very worst form. Both down and fighting for our lives. We each procured a bottle of Nerv-Worth and commenced taking it regularly and to our surprise we began to improve from the very first dose. We both were compelled to sleep on our right side as our hearts would flutter and palpitate if we lay on our left side. All this trouble is gone now and both are in our normal condition and I am able to come to your store for another bottle. We won't be without it.

Rengo Belt Reducing Corsets Most Economical

It is the height of economy to wear Rengo Belt corsets—they last.

Most reducing corsets have their style lines only when they are new. Rengo Belt corsets retain their lines until they are worn out, and greatest comfort comes after the first wear. This is the reason why Rengo Belt corsets have gathered new admirers each year until they have become famous.

Economical Satisfying Most Comfortable

Premier Clemenceau on Thursday discussed with Signor Ornaldo and Baron Sonnino of the Italy with regard to Flume and the Dalmatian coast, which are still unsettled. While it is reported that the Americans remain opposed to sanctioning the turning over of Flume to the Italians, another report is to the effect that M. Trumbitch, head of the Jugo Slavs Commission, and Colonel House and Thomas Nelson Page, American Ambassador to Italy, have discussed the formula of a compromise on Flume.

WORKERS MEET AND ORGANIZE FOR CENTENARY

Actual Drive in Great Centenary Movement of M. E. Church, Sunday Afternoon.

Upward of 100 men of Grace M. E. church dined together in the huge dining room of the church, Thursday evening, and completed the organization and plans for the Centenary drive for next Sunday afternoon, when efforts will be made to reach every member of the church in and near this city, for the purpose of reaching the goal set in the great forward movement of the churches all over the land.

The supper was delicious and furnished by the Home and Foreign Missionary societies of the church.

Mr. D. W. Jones, one of the men prominently associated in the Centenary movement and in church advancement, who is president of the Men's Union of Columbus, delivered a forceful address to the assembled workers, after which the ten teams, each taking one of ten lists of the membership of the church, proceeded to apportion the names to the men who will make personal visits to the members between two and five o'clock Sunday afternoon, at which time the workers expect to find virtually every Methodist at home and having decided the extent of the aid to be furnished to the Centenary Cause.

The quota to be raised for Grace Church is in excess of \$40,000, and payments cover a period of five years.

GREEN WILL VOTE ON DAY FIRST SET

Voting on the two questions concerning the Green Township schools, that of the centralization of the schools of that township and the issuance of \$40,000 worth of bonds for the erection of two new buildings, will be held as scheduled upon May 27. Some opposition was made against holding it upon that day inasmuch as May 27 is the day set for Fayette County's big celebration, but after taking the matter up, it was deemed best not to change the date, the opinion being that a larger vote could be polled because almost all voters can visit the polls on their way to this city for the celebration.

The only ones affected it is announced will be the officials and judges and they will be free after 5:30 in the afternoon when the polls will be closed.

B. H. MILLIKAN POST.

No. 92 Department of Ohio, G. A. R. will meet in regular session, Saturday afternoon May 17, 1919, at 2:00 o'clock. All members of the Post are urged to attend. Visiting comrades are always welcome.

CLOTHES FOR GRADUATION

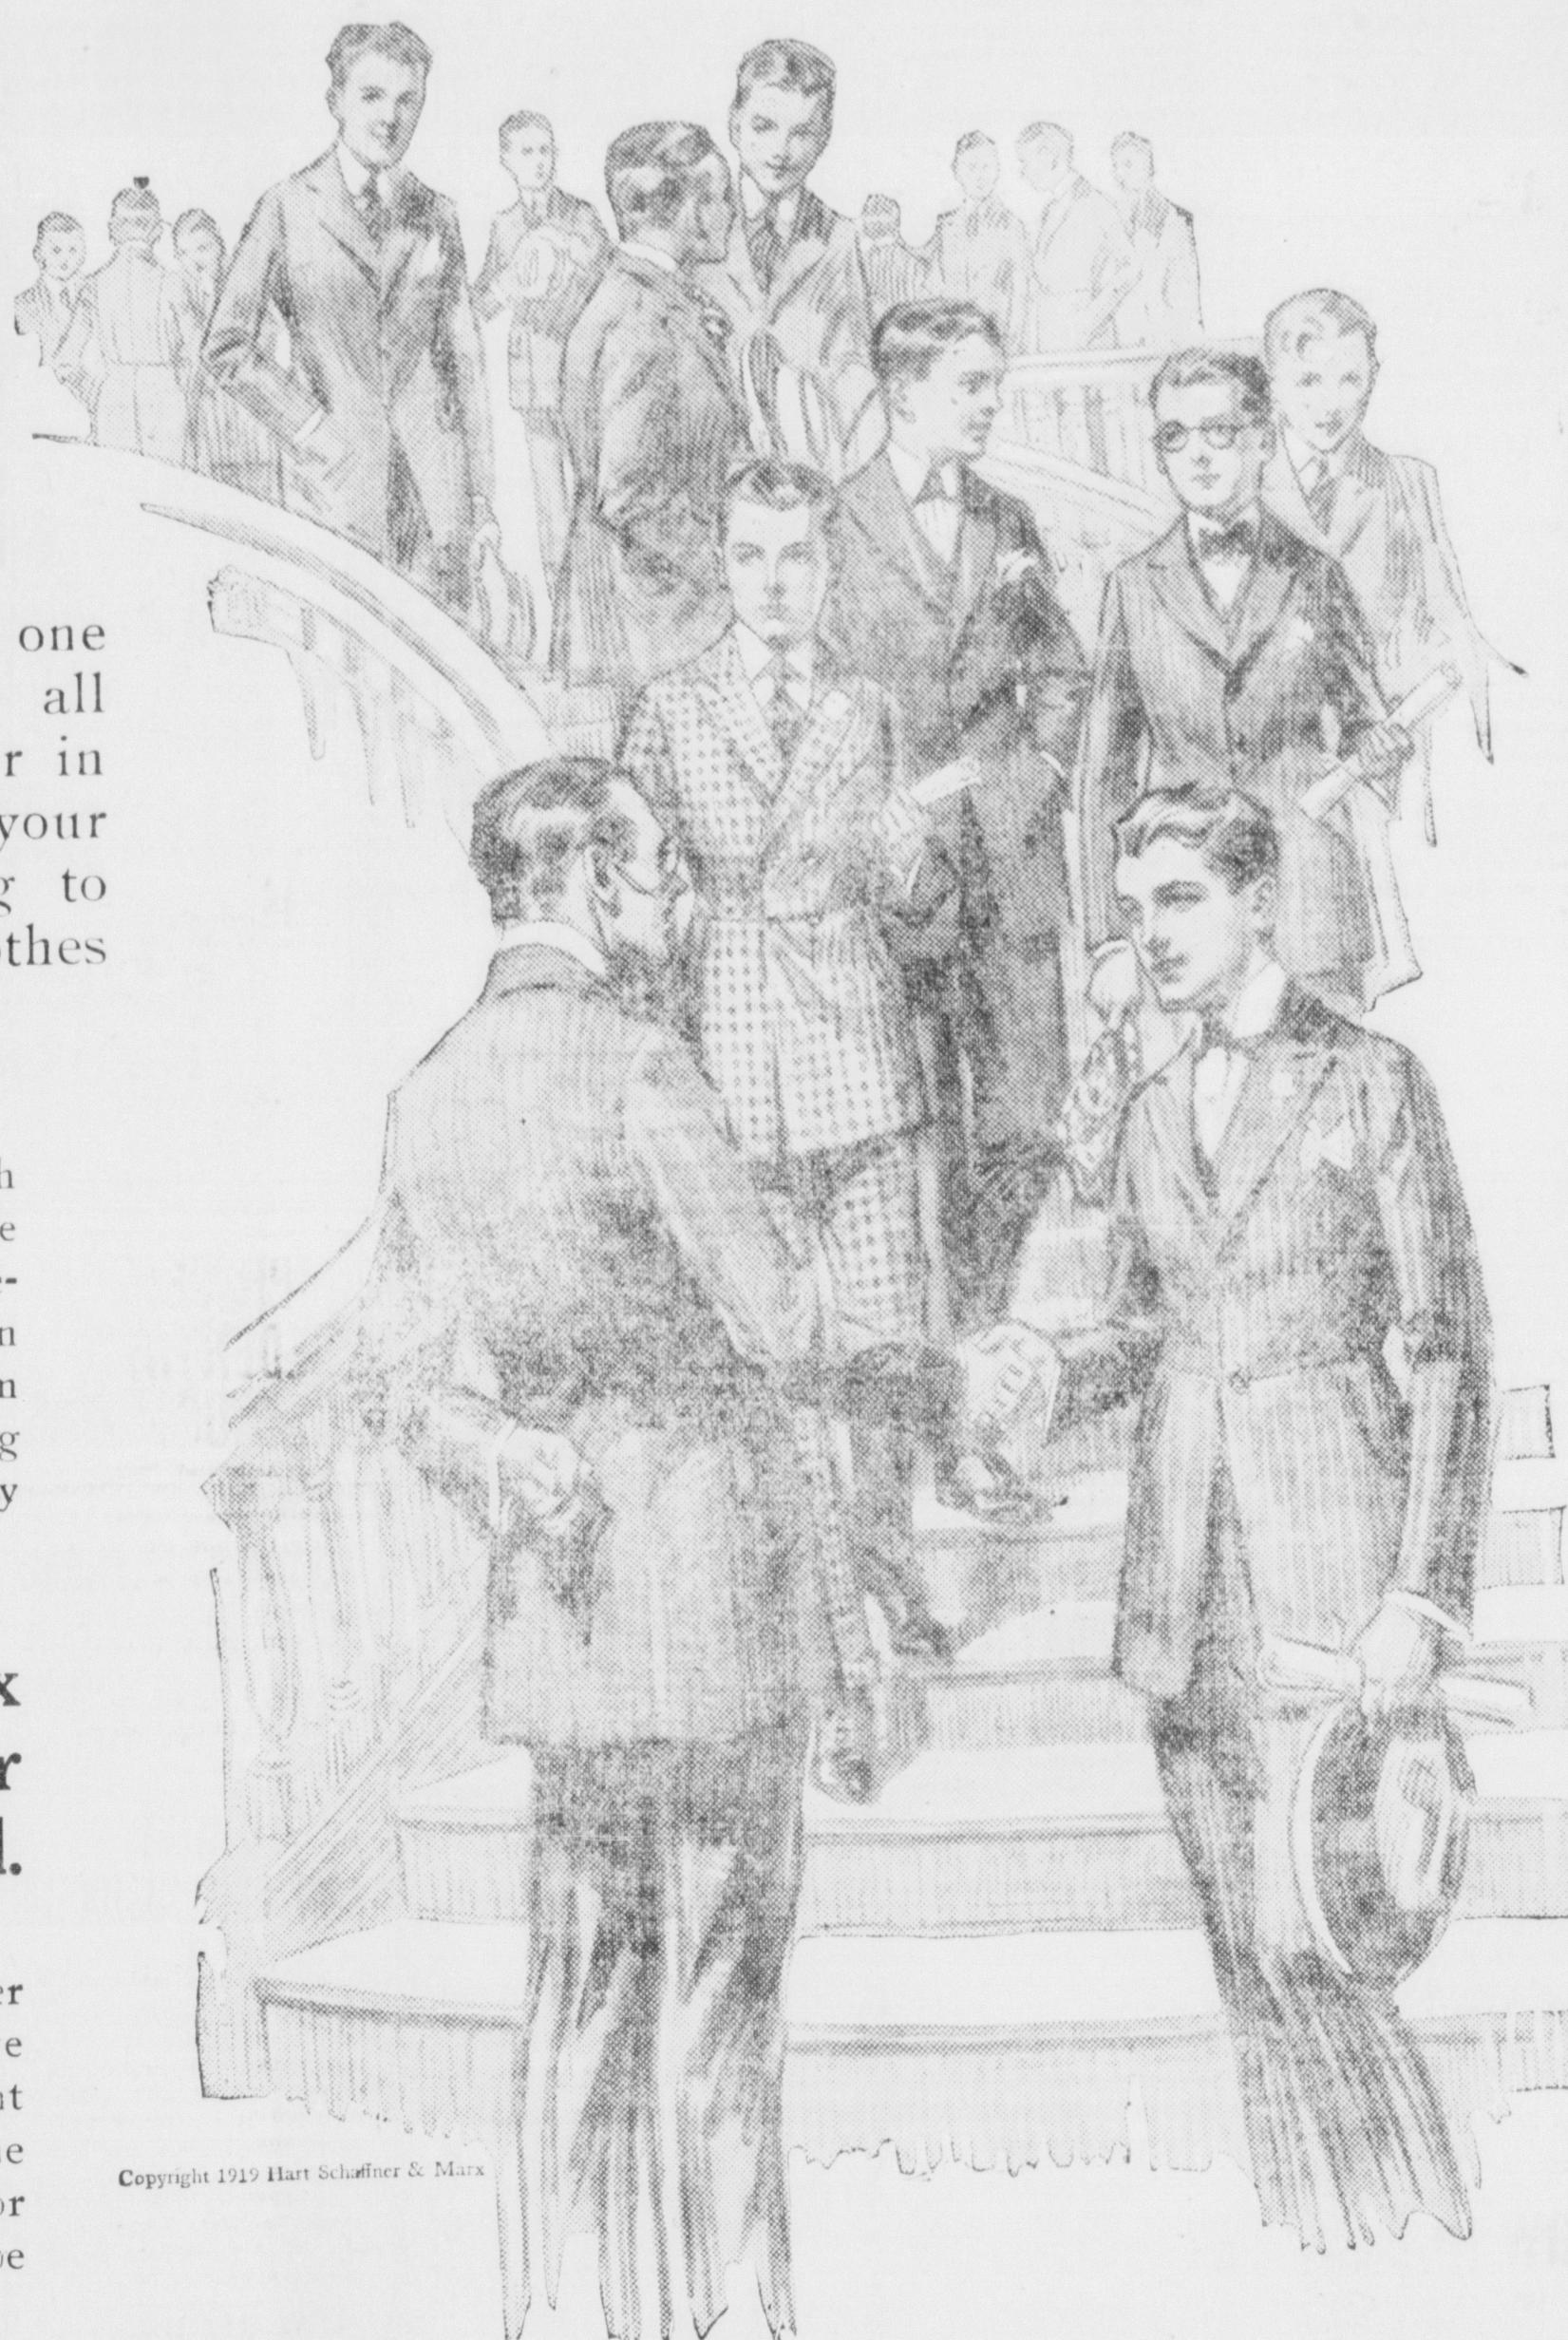

When you appear before the crowd to get your diploma, and maybe to be one of the speakers, you certainly want to look your best; it's an occasion that justifies the expenditure.

GRADUATION day is one day in your life when all your friends get together in one place and look you over; your clothes are not so interesting to them as you are, but the clothes are important.

Just at that point we come forward with an offer of friendly co-operation. We have just the right clothes for you; designed for the youthful figure; made in every smart style—the new waist-seam type particularly suited to a young man's style; and we price them at very reasonable figures.

Hart Schaffner & Marx clothes; all-wool and your Satisfaction Guaranteed.

P.S.—Incidentally you might look father over a few days beforehand and be sure that he's going to be dressed as a parent a graduate should be. If you think he needs one, we have plenty of suits for father, too. Graduation day ought to be a big day for him, too.

MAN'S TROUBLE ARRESTED

"The past 4 years I have been going down, down, down with catarrh of the stomach and had to give up work a year ago because of my weakened condition. I suffered terribly from bloating and colic attacks. Mayr's Wonderful Remedy was recommended to me. I took a course of it and am now feeling fine." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher and druggists everywhere. Advt.

HE DOES HEAVY WORK.
"I do heavy work, and that is a strain on a man's kidneys," writes Bert Dawson, Canton, Ill. "My trouble started with severe, sharp pains over my back. I bought a bottle of Foley Kidney Pills, and before it was gone my pains had entirely left me." They

banish rheumatic pains, backache, soreness, stiffness. Blackmer & Tanquary, Adv.

MIRRORS RESILVERED
Automatic 22511.AN INVITATION TO
COLORED CITIZENS

To the colored citizens and lodges of
Fayette County, Ohio.

Greetings:—

You are cordially invited to attend
All Day celebration to be given in
Washington C. H., Tuesday, May 27th
in honor of Fayette County's Returning
World War Sailors and Soldiers.

It is earnestly desired that every
colored sailor and soldier of the re-
cent war be in uniform, in line of
parade, and ever veteran of other
wars take part in the parade. Each
lodge is requested to march as a body
in full regalia.

Plan to help make the 27th the
greatest day in the history of Fayette
county, and to render deserved tribute
to the boys who made life worth
while.

Very truly,
Invitation Committee,
G. H. Hichecock, Chairman.

WILL DISPENSE
FREE BUTTERMILK

In harmony with the spirit of May
27th, the Sunlight Creameries have
announced that free buttermilk will
be dispensed from a booth on the cor-
ner of the court house lawn, at the
Midland Bank corner, all day on the
27th.

There is every assurance that this
buttermilk will be just as delicious
and wholesome as that which used
to come from the old stone or brass
bound churn after Mother had remov-
ed the great golden chunk of butter
and used a dipper to fill the tin cups
presented by her eager flock.
